CARMEL — Christian Brothers Automotive Corp. will open [auto](#) repair shops in Carmel and Fishers next spring or summer.

The Carmel location is near Gray Road and 146th Street, and the Fishers site is east of Ind. 37 between 126th and 131st streets.

Each of the nearly 5,000-square-foot stores will have nine garage bays and will employ four to 13 people.

The Houston-based chain has 107 stores in 12 states and is known for the upscale look of its franchised repair shops.

"It really surprises a lot of people," said Josh Wall, vice president of franchise and strategic development. "They look around and say, 'This is nicer than my doctor's offices.' "
